19 and over

Vivia

The compact
add-on to your
basic insurance

Compact and cost-effective: Vivia from SWICA

Emergency transport, emergency treatment abroad, 24-hour personal assistance when abroad, medicines and vaccinations – Vivia supplementary insurance plugs important gaps in your basic insurance. Vivia is your compact solution for covering costly risks.

Emergency transports and transfers, search and rescue operations

- Emergency transports and transfers in Switzerland and abroad, 90% up to 20 000 francs per year
- Search and rescue operations in Switzerland, 90% up to 20 000 francs per year, and abroad 90% up to 50 000 francs per year

Treatment abroad

Full cover for outpatient and inpatient emergency treatment (private hospital category for the first three months of travel). Personal assistance abroad included – around the clock, 365 days a year.

Inoculation and travel vaccinations

90% up to 200 francs per year

Medication

50% up to 200 francs per year

Health legal protection

Legal protection for disputes under liability and insurance law relating to a health impairment in Europe (up to 300 000 francs per case) and outside Europe (up to 150 000 francs per case).

Maternity

Additional costs for the newborn during the mother's postpartum recovery (waiting period of 360 days).

Hospital stay

Full cover in the general ward of SWICA-recognised hospitals in Switzerland (waiting period of 90 days).

All benefits at a glance: [swica.ch/vivia](https://www.swica.ch/vivia)

The earliest commencement date for the insurance is 1 January in the year of the policyholder's 19th birthday. There is a waiting period of 90 days for hospital stays and 360 days for maternity benefits from the start of the insurance.
